Annual Game Trophies and Record Book entries

There will be a Douglas Score measuring day where antlers, horns and tusks can be measured prior to the Tournament and this will also serve as collection points for heads and for annual trophies. It will be held on Saturday May 20th at Allan & Dawn Metcalfe's residence, 222 Lund Road, Katikati from 10 am. Phone 027 451-7012 (Allan) or 021 782-922 (Dawn).

If you are unable to bring your heads to this venue or to take them to the Tournament they may be couriered to Allan Metcalfe at the above address.

If you have a trophy head that you have shot in the past year then you will need to get it to the Tournament. To qualify for our annual game trophies or for inclusion in the Record Book all antlers, horns or tusks must be presented in a clean condition at the AGM venue (Living Springs Camp & Conference Centre, 218 Bamfords Road Lyttelton) prior to the AGM on Saturday June 3rd. If your head has been officially scored please attach the scoresheet to the head or send a copy to the game recording officer.

The safest way to get your trophy to the Tournament is to take it yourself. It is always great to see an inspiring display of the best heads available, especially for our younger members. It is even better if they can talk to the hunters who secured those trophies.

Heads can be brought to the Friday night 'meet and greet' at Living Springs, Lyttelton and will be held until they are officially measured on Saturday. They will be on display prior to the AGM on Saturday night. All heads should be collected after the AGM.

Tournament Closing Dates

Closing date for Tournament entries – Friday 19th May

Closing date for game claims and photographic entries – Friday 19th May
